About Mentor

A curious seeker of knowledge and an attentive listener who takes positives from every action as a patient listener. An introspective mindset leads to creative solutions to daily challenges at work. A key strength of the profile is mastering adaptability in administration as an educator, trainer, and counsellor.

Who can learn this?

If you are interested in becoming a creative person or want to learn how to use creative design and Photoshop editing software with Adobe Photoshop, then this workshop is perfect for you. After attending this beginner level workshop, you will be able to master the software and use creative design techniques for your next projects.
